Places to stay in Nürburg

Nürburg is the village where the main entry-point to the track is located. Nürburg is a really small town with only 169 inhabitants. There is virtually no nightlife unless you count a late-night round of beers in one of the restaurant-bars. If it wasn't for the hustle and bustle of the race season you wouldn't believe this is a town everybody talks about. But this quietness means that you can fully enjoy the astonishing nature and serenity of the beautiful Eifel mountains for a more authentic experience.
