

Insure your excess through a 3rd party insurance provider...

RSRSpa always strives to give the best possible service to its customers. We understand that the high value of the excess can be a concern, therefore we are able to put you in touch with Third Party Insurance companies who are able to provide you with additional cover¹.

For example, the full excess you are liable for when driving a BMW M235i is €35000. By purchasing additional insurance from one of the companies listed below, you are able to reduce this excess to around €3500. Premiums depend on your individual risk profile.²

¹ The driver will still be responsible for the full excess towards RSR, but will have the chance to claim back from insurance the percentage of excess covered by the third party insurance itself.

² Third Party insurance option is only available when booking in advance - this is not possible to arrange on the same day as driving. Quotes are estimated.
